Professional Summary

Full-Stack Developer specializing in **Next.js, React, Node.js, and MongoDB** with hands-on experience building scalable, responsive web applications. Strong in API integration, system architecture, performance optimization, and modern frontend engineering. Proven ability to deliver end-to-end solutions from UI to backend services.

Technical Skills

Languages: JavaScript (ES6+), Python, C, HTML5, CSS3

Frontend Development: React.js, Next.js, Tailwind CSS, Bootstrap, Responsive Design, Component-Based Architecture, UI/UX Optimization

Backend Development: Node.js, Express.js, RESTful API Development, Authentication & Authorization, Middleware

Databases: MongoDB, MySQL

Tools & Platforms: Git, GitHub, Postman, Vercel, Netlify, VS Code

Core Concepts: Data Structures, OOP, MVC Architecture, API Integration, Performance Optimization, State Management

Projects

Mystery Box Order — Full Stack E-commerce Platform

GitHub

Built a scalable e-commerce system using **Next.js, MongoDB, and REST APIs**. Implemented authentication, dynamic pricing logic, and optimized routing.

AI Roasting Web App — AI Powered Platform

GitHub

Developed an interactive AI-based web application using **Next.js**. Enhanced performance through server-side optimization and efficient request handling.

Malware Analysis & Classification — Explainable AI

Designed ML/DL pipelines for malware detection with explainable AI techniques, improving model interpretability and security insights.

Work Experience

Frontend Web Development Intern — Codtech IT Solutions Pvt. Ltd.

Oct 2025 – Jan 2026

- Developed **2 full multi-page production websites** using **Next.js** with modular component architecture.
- Integrated **REST APIs** to enable dynamic frontend-backend communication and real-time content rendering.
- Built responsive, mobile-first UI with **Tailwind CSS**, ensuring cross-device compatibility.
- Applied performance optimization techniques including image optimization, lazy loading, and efficient state handling; managed code using Git & GitHub.

Web Development Intern — OCTANET Services Pvt. Ltd.

Aug 2024 – Sep 2024

- Developed responsive web interfaces using **HTML, CSS, JavaScript**; improved mobile usability by 40%.
- Integrated RESTful APIs and collaborated with cross-functional teams.
- Managed version control and contributed to timely project delivery.

Education

B.Tech in Information Technology

2022 – 2026

Maulana Abul Kalam Azad University of Technology, West Bengal
CGPA: 8.34

Certifications

HackVega National Hackathon — Certificate of Merit (2025)

Amazon Web Services — AWS Compute Services Overview (2025)

Microsoft — Azure Fundamentals (2025)

NVIDIA — Building LLM Applications with Prompt Engineering (2025)

Forage — Software Engineering Job Simulation (2025)

Activities

Coding Contests (HackAUT × Tech Club MAKUT)

CSS Battle Event (REPL Devs)
